About the Alfeco Foundation

The Alfeco Foundation is dedicated to developing impactful and sustainable solutions to complex social challenges. Through tailored programs, we address the unique needs of communities, strengthening the link between local economies and education.

As part of our commitment to food security, we have launched the **National Breakfast Feeding Programme**, which currently provides nutritious meals to over **10,000 primary school children**. Our goal is to expand this initiative to reach **20,000 children nationwide**, ensuring that no child begins their school day hungry.
